### County High In Nation In March Of Dimes Drive

Jon Dahl, northern Michigan representative for the National Foundation for Infantile Paralysis, spoke at a meeting here Sunday afternoon that Crawford County was near the top in the entire nation on a per capita basis for funds raised.

In last January's March of Dimes, Crawford County was twenty-fourth in the whole United States. There are over 3,100 counties in the nation, Mr. Dahl added that with the fine showing by Crawford County in the emergency drive just completed revised figures would place Crawford County somewhere between tenth and fifteenth for the country as a whole.

Crawford and Otsego counties were the only two counties in Michigan to go over the \$41.00 per capita figure and both counties are among the top in the entire Midwest, Mr. Dahl stated.

## Cong. Cederberg Speaks To 150

United States Congressman from Michigan's 10th District Elford A. Cederberg of Bay City spoke to over 150 persons at a meeting held at the AuSable River Inn Monday evening. The meeting was sponsored by the Crawford County Republican Committee and the Kiwanis Club of Grayling. Cederberg changed their regular Monday night meeting to the Inn to hear a report on the last session of Congress from the district's representative.

William Joseph, president of the Grayling Kiwanis Club opened the meeting which followed a sumptuous turkey dinner. He introduced John H. Peterson, chairman of the county's G. O. P. Committee who in turn called upon County Prosecuting Attorney Charles E. Moore who introduced the speaker of the evening.

Congressman Cederberg opened his talk by telling the gathering of the wide reaches of his district and the difficulty of covering it. He told the group that his office in Bay City which will be open until January and his office in Washington were always ready to help any person in the 10th district on any problem involving the Federal Government.

The youthful appearing Representative then went over step by step the record of the present administration for the past two years. He pointed out the problems facing President Dwight D. Eisenhower when he took office and of the decisions made concerning them and of what solutions were taken in Congress. He spent quite a considerable length of time on the international situation. He also covered the national economic controversy and the highly divided opinion on "reds" in government.

Congressman Cederberg's talk was highly informative as he pointed out the reason for the sliding scale of subsidies that were adopted in the administration's farm program. He dwelt at some length on the tax problem and why and how Congress made reductions and of the first compromise in the tax law for 75 years.

The 10th district Representative told his audience that he was leaving the United States in a very short time for a tour of Europe, passing through the West Indies, Spain and Italy. The Congressman is a member of the committee on appropriations for military bases throughout the world. He stated that the committee was keeping a sharp eye on all such construction to be sure

It more than that number of applications is received a draw will be held to determine who will be allowed to hunt.

Schools in Liberia, the Gold Coast, and Nigeria in West Africa and one in Ethiopia will be established by funds raised here and the eleven African churches of the United States and Canada, Saturday, Elder M. E. Lowry, pastor, announced.

In pointing to the "great need for spiritual, mental and physical aid in West Africa," Pastor Lowry said, "Many African areas are on the eve of self-government. They are at a crucial, formative period in their history. It is now, at this development stage of their thinking and history, that the Christian message in all its power and import should be proclaimed.

"Naturally, he said, "the best way to spread Christianity in any country is to use trained nationals. That is why Adventists establish training schools wherever they work."

Pastor Lowry said his denomination operates nearly 5,000 schools from elementary through graduate level.

Saturday's offering will be taken by the Sabbath school of the church. This is in addition to the regular weekly offerings made for missions, Pastor Lowry said.

anything worthwhile, the plans are always laid out  
by the individual. We can see it all through  
history. Many individuals have done what was  
impossible, but they did it. Their work still  
stands. We hear it said that in union there is  
strength, but some individual must figure how to  
use that strength to the best advantage. If we look  
back, we will see just about everything in this  
world is individual. The planet called "the sun" is  
an individual planet but it heats the whole earth.  
The water in the oceans fell a drop at a time.  
Christ came to this world as an individual  
and accomplished more for our progress than  
any other man that ever lived. In simple words,  
he told the people in his day during his three  
years as he traveled in Palestine has polished  
more than ever with age. If you are one of those  
who doesn't like the way our country is  
run, don't forget to vote. Sure you are only one  
of everybody else. Every housewife knows  
breadwinner loses his health, soon every-  
body comes to a standstill. This need not be so.  
The best ways to prevent this from happen-  
ing is to drink a glass full of milk with each meal.  
The old saying goes, "a stitch in time, saves  
nine." Crawford County produced milk will help  
to this. Sold and distributed by Hunter's Au-  
ditory in Grayling.

# GOP Legislature, Governor Argue Over State Budget

To Much Money in government  
can be quite a bother.

Among administrators to ap-  
preciate this fact was former Gov.  
Harry F. Kelly. His point was  
that the instant a state treasury  
shows a surplus, everyone starts  
devising ways to spend the unap-  
propriated money. So long as there  
is a deficit, officials have a sound  
argument to use when approached  
by people with ideas that cost  
money.

The surplus proved a pitfall for  
Gov. G. Mennen Williams in an  
entirely different way. And he is  
still digging his way out of the  
rubble.

In recent press release the gov-  
ernor said something to the effect  
that: "We have now eliminated  
the deficit and will have a sur-  
plus."

The statement made a wonder-  
ful target for this opponents. Sev-  
eral newspapers, as well, were  
quick to inquire about the "we."  
Columnists and editorialists pointed  
out that the governor should be  
careful about claiming credit for  
the surplus. Republicans stated  
that the surplus resulted "not be-  
cause of Soapy, but in spite of  
him."

Facts were on their side. Two  
major accomplishments are con-  
sidered responsible for the fact  
that Michigan finally beat its fi-  
nancial problem.

One is the Business Receipts  
tax. This law is responsible for  
an increase of some \$30 million  
per year. When it passed through  
the legislature in the final hectic  
days of the 1953 session and with  
the masterful, if high pressure,  
maneuvering of Sen. George Hig-  
gins, the governor refused to sign  
it.

Williams wanted a plain cor-  
porations profits tax and would  
settle for nothing less. But he  
couldn't veto the proposed tax  
without forcing a special session  
of the legislature which might  
override him anyway. So he made  
sure people knew he didn't like  
it; permitted it to become law  
without his name.

Second reason the budget bal-  
ances is that appropriations were  
greatly reduced from what the  
governor requested in his message.

Now that the surplus exists,  
Republicans, who passed the tax  
and reduced his recommendations  
ask, "How come Soapy is claim-  
ing credit for this?"

In an effort to calm the storm.

## NOTICE

Do not trespass or damage my  
property at the dam in Section 12,  
Twp 26 N., R 4 W, Grayling Town-  
ship. Violators will be prosecuted.  
23-30 Phillip Frank

the governor was quick to explain  
that his reference to "we" was  
meant in the sense "we the people  
of Michigan," not "we the Demo-  
cratic party." He was ready and  
willing, he said "to give credit to  
administration heads who affect-  
ed economies in state operation  
and to legislators who worked  
out the program."

But the governor said that he  
felt that he too had played an in-  
tegral part in the activity and is  
responsible for some of the credit  
for the accomplishment.

A KNOTTY PROBLEM for the  
Highway Department is develop-  
ing as a by product of the Straits  
Bridge. It's the matter of a four  
lane north-south highway to en-  
able people to drive to Mackinac  
with less difficulty.

Highway Commissioner Charles  
M. Ziegler has little quarrel with  
the idea if someone could figure  
out a way to finance it without  
disrupting long range plans his  
department has painstakingly  
worked out.

Root of the trouble lies in the  
fact that alert communities see  
the super highway as a futur-  
e project that will come sooner or  
later. They are anxious to have it  
come sooner — and in their own  
vicinity.

Proposed routes receiving sup-  
port are US-131, running  
through Grand Rapids, Cad-  
illac and Kalkaska; US-27 from  
Coldwater through Marshall, Char-  
lotte, Lansing, St. Johns and  
straight north; one running north  
from Battle Creek to M-66; one  
from Detroit, along much of US-  
23 through Dearborn, Pontiac,  
Flint and Saginaw.

At present there are no plans in  
the Highway Department for a  
four lane highway along any of  
these routes all the way to the  
Straits. Indications are that Com-  
missioner Ziegler will continue  
his previous policy of spreading  
uniformly highway improvements  
with an eye to emergent needs  
caused by congested traffic con-  
ditions.

The problem of how to spend  
the money is not an easy one.  
Ziegler considers that it is better  
to attempt to improve roads in  
the many areas that supply the  
financing than it is to build en-  
ormous, highways at great ex-  
pense that will benefit a limited  
number of drivers.

Despite the dramatic appeal of  
the north-south highway, routine  
car counts show that there are  
many places in the state that are  
in much more serious need of at-  
tention. These include areas in  
central and southern Michigan.

Ziegler ways he is aware of the  
traffic projections of experts. If  
estimates prove to be correct, he  
will adjust his plans accordingly.  
But before his department spends  
millions of dollars on a four lane  
highway, he wants to be sure the  
road is built where actual experi-  
ence proves it will do the most  
good.

**COST OF COUNTY** government  
has increased \$2 per person in the  
state. John B. Martin Jr., auditor  
general, said that it costs the  
"average" individual \$26.78 for  
county services in 1953 compared  
with \$24.97 in 1952.

Martin said there is a wide  
range of costs when counties are  
considered separately. It costs  
\$19.19 to service a resident of Bay  
County, compared to \$90.61 in Ke-  
weenaw. If costs of operating  
parks were deducted from the  
total, the cost there would be only  
\$68.96 per person.

## MY SUBSTITUTE

By SIR JAMES SIMPSON, M.D.  
Inventor of Chloroform

When I was a boy at school,  
I saw a sight I can never forget  
— a man tied to a cart and  
dragged through the streets of  
my native town, his back torn  
and bleeding from the lash. It  
was a shameful punishment.

For many offenses? No, for one  
offense. Did any of the town-  
smen offer to divide the lashes  
with him? No, he who com-  
mitted the offense bore the pen-  
alty all alone. It was a penalty  
of a changing law, for it was  
the last instance of its infliction.

I saw another sight I shall  
never forget — myself a sinner,  
standing on the brink of eternal  
punishment in the lake of fire.  
For one sin? No, for many.  
Many sins committed against  
the unchanging laws of God. I  
looked again, and behold, Jesus  
Christ became my Substitute.  
He bore in His own body on  
the tree all punishment for my  
sin. He died on the cross that I  
might live in glory.

The law of God required a  
perfect righteousness I never  
had. The law required spotless  
purity, and I was defiled with  
sin.

I was a child of Satan, a  
child of wrath. But as many  
as received Him [Christ], to  
them gave He the right to be-  
come the children of God, even  
to them that believe on His  
name. And I found in Him not  
only my Substitute, but the full  
supply of every need of my  
soul. I long to tell you of this  
Saviour, for there is none  
other name under heaven  
whereby we must be saved.

## COUNTY DEMS HOLD MONTHLY MEETING

The monthly meeting of the  
Crawford County Democratic Club  
was held Sept. 21, 1954 at the  
Sportsman's Hall in Frederic.

The meeting was conducted by  
Vice-President Violet Farrell. The  
minutes of the last meeting and  
financial report was read by An-  
ita Lozon, Secretary-Treasurer of  
the group.

The Club voted to have a se-  
ries of advertisements in the Craw-  
ford County Avalanche and radio  
broadcasts over WATC Grayling  
until after the November election.  
Lawrence Hunter was appointed  
by the Club to Chairman these  
activities.

All the members pledged to  
contact five people and see that  
they are registered and ready to  
vote in the fall elections.

Jane Gibson was appointed to  
arrange a meeting of the Kalkas-  
ka County Club and Crawford  
County Club, and to find out any  
new ideas about Club activities.

Wilbur Simpson told the group  
that many people have no way of  
getting to the polls to vote. He  
asked the Club to have three cars  
in Frederic and six in Grayling  
to transport people to and from  
the polls. Anyone who does not  
have a way to get to the polls  
election day is asked to contact  
Wilbur Simpson, Frank Millikin  
or Anita Lozon. Cars bearing the  
Crawford County Democratic Club  
sign will be at your disposal un-  
til the polls close.

The County Democrats extend  
a very hearty thanks to Mr. Ron-  
ald Beumann of Lansing for don-  
ating the membership cards to  
the Club.

The next meeting will be held  
in Grayling, October 15. Watch  
for a later announcement of time  
and place. The county will be vis-  
ited that day by James Hare,  
Candidate for Secretary of State.  
It is hoped that he will be the  
speaker for the meeting that night.

## Newspaper Week . . .

Throughout these pages today you may find various references to the value of the newspaper to every American.

It is National Newspaper Week, and if we tend to boast a little just now perhaps we may be indulged. For the newspaper, which regularly devotes itself to bring news and the interpretation of news to your homes, has a message of its own. We believe that message worthy of some attention.

The American newspaper occupies a unique place in the world. Its freedom to print is guaranteed by the Constitution. It has been considered from the beginnings of the Republic and from even before that—an essential instrument in the lives of the American people.

Its basic purpose has been and always will be the same: To tell the happenings of the day. Here the function is of particular importance in regards to the happenings of government, which is but an instrument of the people's will.

Its next and almost inseparable function is to try to place the facts concerning these happenings in perspective—to give them meaning in the light of other events, past and present.

It has other important purposes—to serve as a medium for advertising, to entertain and amuse, to serve as a public forum.

You may, and undoubtedly do, on occasion become discouraged with your newspaper or even become angry with it. Yet it is an indispensable item for intelligent living, and in more cases than is generally realized it is the most constructive and most educational item in a family's existence.

Where newspapers are free from government restrictions, as they are in the United States, you are free to select the reading matter of your choice. You are privileged to have a voice of protest. You are favored

## Your Newspaper — Where Every Man Has His Say

ed by having news of importance to you, personally, collected, verified, edited and presented in readable and understandable form delivered to your home.

The modern newspaper is a swift and an accurate purveyor of important factual data and a medium of considered, moderate and enlightened opinion.

The newspapers of America set aside this week, therefore, to call attention to the services they perform. But more than that they set it aside to remind themselves and their readers of the obligation they owe the American public.

It is their constant hope that the reading public will continue to trust the integrity of their services. It is their constant effort to maintain the standards which have made this nation, more than all others, a nation of newspaper readers.

National Newspaper Week, therefore, it not an occasion for self-praise by newspapers nearly so much as it is an occasion for self-appraisal. It is a time for newspapers over the land to rededicate themselves to the trust placed in them by the vast, intelligent, progressive and enlightened American public.

## Tuberculin Patch Testing Program Underway

The annual tuberculin patch testing program conducted by the District Health Department is now in progress. As has been the case in previous years, with the parents consent, the Kindergarten, 3rd, 6th, 9th and 12th grades will be checked in all schools in the district with the exception of a few rural schools which are checked every other year instead of by grades.

The purpose of the tuberculin patch test is to find children in the schools who may have been exposed to tuberculosis at some time in life. We would like to stress again that those children showing positive reactions do not necessarily have tuberculosis, but have had contact with the germ.

The children who are found to have been exposed to tuberculosis can be placed under special observation by parents and family physicians, and contacts of these cases can be followed up by the health department nurses in an effort to get them x-rayed. This helps in many instances to find out where children may have been exposed to tuberculosis, so the service is not only for the benefit of the children tested, but of benefit to the family and community.

Inasmuch as consent cards are required to obtain this service, we urge that all parents sign the consent cards that are sent home with the children and return them to school as quickly as possible.

George Kieller, of Detroit, entertained the guests by playing his Scottish bag pipes.

The bride changed to a navy suit with blue accessories and wore an orchid corsage on her traveling costume. The newlyweds left on a two weeks trip to Montreal and Quebec. When they return they will make their home in Detroit.

Out of town guests were from Detroit, Muskegon, Traverse City, Cadillac, Brighton, Dearborn, St. Clair Shores, Livonia, Grand Rapids and Lansing.

The bride was the guest of honor at a shower given for her by Miss Ellen Pilgram, Mrs. Ronald Northey, and her sister, Miss Sally Richardson at the Hungerford residence in Roscommon the 18th of August.

Another shower was given by Mrs. Sam Petter, 8645 Auburn, Detroit and Mrs. Harold King, 11180 Karen, Livonia, sisters of the groom, the 21st of August. The bride-to-be received many lovely gifts, and was also presented with a corsage of yellow roses by her hostess.

## Brush - Larson Vows Spoken In Saginaw September 10th

Miss Mordene Brush became the bride of Jack R. Larson on Friday, September 10, in an evening candlelight ceremony at the Reorganized Church of Jesus Christ of Latter Day Saints in Saginaw, Mich. Elder Lynn L. Stensley performed the double-ring ceremony before the altar graced with white gladioli, palms and candelabra.

Given in marriage by her stepfather, Arden L. Snyder, the bride wore a gown of lace and nylon tulle over satin, styled with a scalloped neckline and fitted bodice. The lace sleeves tapered to points over the hands. The front of the full, gathered skirt was accented with a panel of lace, and the tulle overskirt was hand-appliqued with lace blossoms. Her nylon tulle veil fell from a tiara of lace and rhinestones. She carried a white Bible topped with red roses and white bebe mums.

Miss Jane Brunst of Grayling, was her sister's maid of honor. They are the daughters of Mrs. Arden Snyder of Grayling, and Reuben Brush, Robinson, Ill. Miss Shirley Spencer of West Branch was bridesmaid. The honor attendant wore blue and the bridesmaid light yellow. Their ballerina-length gowns were fashioned of lace and tulle over taffeta, with bolero jackets, fitted bodices and full-tiered skirts. Their tiaras of lace and rhinestones were identical to that worn by the bride. The girls carried arrangements of gladioli, florets and bebe mums.

Mrs. Ronald Krahl, of Bay City, sang "I Love Thee", "O Perfect Love" and "The Lord's Prayer".

Duane C. Larson of Saginaw was his brother's best man. They are the sons of Mr. and Mrs. J. Clarence Larson, 1413 Beech, Saginaw. Ray Valley of West Branch attended his friend as groomsmen. Erwin Larson, cousin of the groom, Adlin Lounsberry, and Ronald Krahl ushered.

A reception was held in the lower auditorium of the church immediately following the ceremony, at which the newlyweds greeted 150 guests from Saginaw, Bay City, Grayling, Breckenridge, West Branch and Independence, Mo.
